John,

I did a rough draft to the questions on Monday. I was trying to give a quick reply to the questions from Dallas city CM Felder. It sounded like EJ was going to send a response and I wanted to give them something to work with. Carl and Ronnie responded to my draft yesterday afternoon with several suggested revisions. I am now wondering if I need to prepare this as a letter for someone else (you, Carl, or RA) to sign. I was also thinking about waiting till Ed had the meeting with the CM before responding. Please let me know what you would like me to do. I can work with Jon Rauscher and the site attorney to revise the draft as Carl requested if you would like me to write the letter. Carl wanted me to use the same responses as we used at RSR, so he wanted me to work with Jon. Please let me know what you would like me to do.

I am working flexiplace today (b) (6)

Subject: Update on Lane Response for John Meyer

Kenneth,

Can you please send an update to John Meyer on the response revisions for Lane Plating. I spoke with Jon on the input he provided and he said you were preparing further revisions. Carl and John are at the DD meeting and they are asking for an update on the response revisions.

Thanks,
